In order to affirm and secure the integral representation of member churches and constituents, NHCLC bylaws require an annual certification process by the audit committee overseen by the organization's Chief Legal Counsel. Corresponding determination will be the only authorized figure to be incorporated in all media, marketing, and organizational publications. After reviewing the Denominational Member Reports and applicable annually forwarded church management information, the National Hispanic Christian Leadership Conference, the Hispanic Evangelical Association, has 40,265 member churches. In addition to churches in the United States, NHCLC serve tens of thousands of churches globally via CONEL.
